CEMETERY SUNDAY 2016

We had a very large crowd at Cemetery Sunday this year. Last year, there were several complaints about the PA system. We tested the parish PA system used previously and it appeared to work fine. Unfortunately, on the day it did not perform well when tested between Masses. Mass goers were made aware of this and asked them to congregate for the initial prayers as close to the front as possible. However, most people remained at their graves and with the level of noise from such a large crowd, the majority were unable to hear. Apologies for this. We are considering installing a PA system in St. Patrick's graveyard but this will be expensive. If you or a family member would like to fundraise for the PA system, join the choir or any other parish group, it would be very much appreciated.

Good luck today to the Primary 4's from St Mary's primary school who will be making their First Communion at 11am Mass.

Tea/coffee and ice cream will be served in the Community Centre after, all parishioners are very welcome to come along and celebrate this special occasion.
