## Missionaries of Charity

### Bucharest

The Missionaries of Charity have been working in Romania for approximately 30 years.

They support people on the margins of society and as well as running Residential units, they support hospitals, people who are homeless and families in the poorer villages surrounding Bucharest and further afield.

There is a greater need this year for boxes containing gifts for older women and men who are homeless. If you make up a box for them please write on your sheet that the gifts are suitable for older people.
